

## Veteran Enrollment Form

Thank you for your interest in the Josh Pallotta Fund (JPF), where it is our mission to provide Veterans the resiliency, transition and reintegration tools to help them sustain or return to full and healthy lives.

Simply fill out the following form to become enrolled in our Wellness Hub program. This pilot program provides Veterans a selection of the health, wellness and community services JPF aims to provide in the future, and simultaneously serves to collect data to aid in grants and future Veteran service projects. For this pilot program, JPF acts as the hub of the wheel, selecting appropriate providers and services for Veterans to work with *at the provider's business location*.

Please note: you may discontinue services at any time (please notify your provider and/or a JPF Director), but must start them within 6 months of receiving notification of services from JPF and finish within 1 year from starting. Because this program is collecting information for JPF to apply for grants and future funding, to participate you must be willing to take occasional brief surveys about the program & your experience. While we aim to help as many as possible, please understand that space in these programs may be limited.
